NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2009

NOTE 1 – BASIS OF PREPARATION

These general purpose financial statements for the interim half-year reporting period ended 31 December 2009 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standards including *AASB 134: Interim Financial Reporting*. Compliance with Australian Accounting Standards ensures that the financial statements and notes comply with International Financial Reporting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Malagasy Minerals Limited and its controlled entities (the Group). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2009, together with any public announcements made during the half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements except for the adoption of the following new and revised Accounting Standards.

Accounting Standards not Previously Applied

The Group has adopted the following new and revised Australian Accounting Standards issued by the AASB which are mandatory to apply to the current interim period. Disclosures required by these Standards that are deemed material have been included in this financial report on the basis that they represent a significant change in information from that previously made available.

Presentation of Financial Statements

AASB 101 prescribes the contents and structure of the financial statements. Changes reflected in this financial report include:

- the replacement of Income Statement with Statement of Comprehensive Income. Items of income and expense not recognized in profit or loss are now disclosed as components of 'other comprehensive income'. In this regard, such items are no longer reflected as equity movements in the Statement of Changes in Equity.
- The adoption of the single statement approach to the presentation of the Statement of Comprehensive Income; and
- Other financial statements are renamed in accordance with the Standard.

Operating Segments

From 1 January 2009, operating segments are identified and segment information disclosed on the basis of internal reports that are regularly provided to, or reviewed by, the group's chief operating decision maker which, for the Group, is the board of directors.

Going Concern

The financial statements have been prepared on the going concern basis, which assumes that the Group will be able to meet its commitments, realize its assets and discharge its liabilities in the ordinary course of business. This status is dependent upon the Group being able to generate commercial levels of cash flow from its continuing operations and on being able to raise further capital.

If this does not occur, the going concern basis may not be appropriate and the Group may have to realize assets and extinguish liabilities other than in the ordinary course of business and at amounts different from those stated in the financial report. No allowance for such circumstances has been made in the financial report.

The Directors of the company declare that:

- (a) The financial statements and notes, as set out on pages 5 to 10:
 - (i) comply with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001; and
 - (ii) give a true and fair view of the economic entity's financial position as at 31 December 2009 and of its performance for the half year ended on that date.

This declaration is made in accordance with a resolution of the Board of Directors:

Mr. S.B. Goertz

Mr. M.D.J. Cozijn
Chairman / Finance Director

Perth, Western Australia
8th March 2010

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF MALAGASY MINERALS LIMITED AND ITS CONTROLLED ENTITIES
REPORT ON THE HALF-YEAR FINANCIAL REPORT**

We have reviewed the accompanying half-year financial report of Malagasy Minerals Limited and its Controlled Entities (the consolidated entity), which comprises the consolidated statement of financial position as at 31 December 2009, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cashflows for the half-year ended on that date, statement of accounting policies, other selected explanatory notes and the directors' declaration.

Directors' responsibility for the half-year financial report

The directors of the consolidated entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410: *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with the Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Malagasy Minerals Limited and its Controlled Entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Malagasy Minerals Limited and its Controlled Entities is not in accordance with the Corporations Act 2001, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.

Inherent Uncertainty Regarding Continuation as a Going Concern

Without qualification to the review opinion expressed above, attention is drawn to the following matter. As a result of the matters described in Note 1 to the financial statements, there is significant uncertainty whether the consolidated entity will be able to continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.
